

PROGUARD FOAM SILL PROTECTOR

Product Code	Pricing Unit	Colour	Dimensions	Thickness	Pack Quantity	Pallet Quantity
PEFOF1	EACH	Red	114mm x 2m	13mm	11	110

Product Description:

Proguard foam sill protectors are manufactured from a hard-wearing 13mm thick foam, and absorb impact (unlike rigid alternatives such as plastic and card)

The self-gripping o-profile tubes wrap around the sill, protecting it from impacts and falling dirt. This product can be left in place for the duration of the construction or refurbishment project.

Proguard foam sill protectors are extremely hard wearing and can be reused numerous times making it a cost-effective and sustainable temporary sill protection solution.

Benefits:

- Protects sills from impacts, dirt, and staining
- Lightweight and versatile
- Simple to fit and remove
- Re-usable
- Flame retardant
- Easy to cut

Limitations:

- May require fixing with tape on some sills.

Application:

Cut the o-profile tube to the length of the sill. Pull the slit open and slide over the sill. Assess the security of the protector, some sills may require tape to secure the protector.

Performance Data:

Density	33kg/m ³
Tensile Strength	0.5N/mm ²
Elongation at Rupture	140%
Fire resistance	B2 - DIN 4102
Water Absorption	
24hr	1.35
28 days	< 3
