TMS2	EACH	WHITE	1100mm x 33mm	1	200
TMS3	EACH	WHITE	1800mm x 33mm	1	200
TMS4	EACH	WHITE	2700mm x 33mm	1	200

Product Description:

Proguard 2 in 1 drop down masking tape consists of a folded film roll with a masking tape strip applied to one edge. The tape edge quickly adheres to walls, ceilings, and objects such as furniture to protect against dust and paint splashes. The film then folds down, quickly covering the area needing protection.

Benefits:

- Translucent, allowing light transmission through covered windows.
- 100% waterproof.
- Self-adhesive.
- 100% residue-free on removal up to 2 days from application.
- Easy installation.

Limitations:

- Non-breathable.
- Not suitable for impact protection

Application:

Ensure surfaces are dry and free of dust. Apply the taped edge to the highest point that you want to protect on the surface. Pull the folded film down to cover the surface.
