TEMPORARY SCREENING PROPS

Receive a **FREE Eazi-Zip door and roll of polythene (worth £45)** when you order **15 or more props**

Temporary Screening Props are the most simple and effective way of constructing a temporary dust screen to protect areas from dust transfer. When used with polythene sheeting the props allow users to seal off areas in offices, homes or industrial sites during building work.

The aluminium pole adjusts easily from 2.3m up to 4m with a push button and a twist action to lock. Additional stability is ensured with a non-skid, non-marking pad at the top of the pole which grips the ceiling, while the non-skid base keeps the foot of the pole and the sheeting locked in position on the floor.

FREE zip & polythene*:

Buy 15 or more props and you will automatically receive a free 4m x 25m roll of 500g heavy-duty clear polythene sheeting to create a complete and versatile temporary dust screen. You will also receive a free 2.1m high Eazi-Zip Door – an easy to install, self-adhesive double zipper that affixes to the polythene to create a sealable opening.

*When ordering online we will automatically send you your free zip and polythene. You do not need to add them to your basket.

Benefits:

- Easy and quick to install
- Adjustable height to fit most rooms
- Reusable
- Prevents dust contamination and reduces clean up time

FANTASTIC SAVINGS ON DOOR & ENTRANCE WAY PROTECTION

PROGUARD DIRT TRAP MATS 40% OFF WHEN YOU BUY A PACK OF 10

Only £8.40 per mat when you buy 10 (was £14)

Proguard trap mats are tacky plastic sheets that provide cost-effective containment of dust and dirt during fit out and refurbishment work. They remove dirt and debris from foot and wheeled traffic. Each mat contains 30 numbered peel-away layers coated with a pressure sensitive adhesive. Once the top layer becomes soiled this can be removed to leave a clean layer.

Mat Size: 1145 x 450mm

Colour: White

Benefits:

- Cost effective dust and dirt containment
- Easy to install
- Self-adhesive layer on the underside for fixing to clean floors to prevent mat slipping
- Numbered sheets make it easy to know when to replace

Code: PSM1

PROGUARD FLAME RETARDANT DOOR JAMB PROTECTOR OVER 1/3RD OFF WHEN YOU BUY A PACK OF 11

Now only £4.10 per jamb when you buy 11 (was £6.25)

These self-gripping O-profile tubes are pre-slit to fit door frames up to 265mm. They can be left in place for the duration of the construction or refurbishment project without any need for taping into place. The jambs absorb impacts, are extremely hard wearing and can be reused numerous times. Perfect for use during house removals. They can also be used for protection of newel posts and stone sills.

Size: 2m length x 114mm diameter x 13mm thickness

Colour: Red

Benefits:

- Flame retardant
- Fits any door jamb up to 265mm wide
- Lightweight versatile and re-usable
- Simple to fit and remove
- Self-gripping – no fixing required
- Can be cut to size with a knife

Code: PEFOF1

PROGUARD FLAME RETARDANT DOOR SLEEVES (PACK OF 10) 40% OFF!

Now only £11.40 for a pack of 10 (was £19)

These flame retardant semi-translucent plastic sleeves fit any standard size doors and provide cost effective protection from dust, dirt, paint and mortar splashes during building and refurbishment work. Each sleeve is sealed on two sides to slip over the door quickly and easily, allowing it to remain fully operational once the sleeve is fitted. The cover also provides a surface for fixing any additional protection materials without causing damage to the doors or leaving any adhesive residue.

Sleeve Size: 2200mm x 1000mm

Benefits:

- Fits any standard size door
- Cost effective protection from dust, dirt and scratches
- 100% waterproof
- Simple to fit and remove
- Doors remain fully operational
- Flame retardant

PROGUARD CORREX® FR PROTECTION ROLL HALF PRICE!

50% off, now only £41.75 per roll!

Fire retardant Correx® provides easy to apply protection for virtually any surface including windows, doors, stairs, walls and floors. The 50m x 1m rolls simply roll out in one continuous length meaning they require less jointing than Correx sheets or boards. Made from strong but lightweight corrugated polypropylene which is tear, puncture and impact resistant. The protective plastic can be cut, curved and creased to fit any surface during refurbishment, building and construction projects.

Roll size: 50m x 1m x 2mm

Weight: 250gsm

Colour: Translucent

Benefits:

- Provides efficient protection from knocks, scratches and spills
- Comes as a roll for easy handling and transportation
- Requires less jointing than sheets or boards
- Durable and reusable
- 100% waterproof & recyclable
- Fire resistant to LPS1207 - Certificate number 341a/01
- Allows light through - ideal for protection of windows
